

# Average ESS container price per 1GW in Indonesia

How much does it cost to ship a 20ft container to Indonesia?

Four types of freight shipping services can be shipped to Indonesia. The cost of air freighting a 20ft container to Indonesia is about \$2,000. The price can be reduced by moving more volume. But there's no way around the basic charge of \$1,500 for the initial 20-footer (which weighs approximately 6 tons).

How much does it cost to ship a 40ft container overseas?

The cost of shipping a 40ft container overseas depends on the destination country and what is being dispatched. For example, if you were to ship a 40ft container of household effects, it would take about 4-6 weeks to get there. This type of freight would cost approximately \$2,500-\$3,000, including ocean freight and destination port service fees.

How to ship a container with IMO or HAZMAT dangerous products to Indonesia?

To ship a container with IMO or Hazmat dangerous products to Indonesia a series of shipping requirements must be met, such as the MSDS of the cargo to be shipped, the DGD for the maritime transport of dangerous goods and hiring a specialized shipping carrier or forwarder for the transport of dangerous goods internationally.

How much does a 20 ft shipping container cost?

Your 20-ft shipping container price estimate will be between \$750 and \$1,500, depending on the miles traveled and the number of days taken. Many shipping lines have a fixed basic freight price for all customers, but in the case of a round-the-world shipment, several factors can increase or decrease the basic freight cost.

What was the average container import price in March 2022?
