

Average domestic energy storage price per 250kW in Ireland

Are home battery storage systems a good idea in Ireland?

In Ireland, demand for home battery storage systems -- even without solar panels -- is growing rapidly as homeowners look to reduce costs and gain energy independence.

What is Ireland doing about energy cost competitiveness?

Ireland has committed to developing metrics of energy cost competitiveness as outlined in the Government's White Paper on Ireland's Transition to a Low Carbon Energy Future 2015-2030. We have developed average electricity and natural gas prices for business and households. These are based on the EU Electricity and Gas Price Regulation statistics.

How much does electricity cost in Ireland?

Buy: Buying it on Electric Ireland's time-of-use-tariff would cost approx 30.5c/kWh for day rate, 15c/kWh during night rate and 9c/kWh for night boost rate. *Store: You could save approx 10.5c per kWh just by using energy from your battery during day rate hours vs selling it to the grid.

Why are electricity costs so high in Ireland?

Our network costs are similar to those of other Member States. The relatively high price of our electricity in Ireland is attributed to our dependence on imported fossil fuels, particularly gas, and the costs of generation and supply, although transmission and distribution costs have increased year on year with greater investment.

Does gas affect electricity prices in Ireland?

As gas is the largest and the marginal fuel input to electricity generation in Ireland, the price of gas directly affects the price of electricity. However, the full volatility of international commodity gas prices is not reflected in domestic prices because infrastructure costs and levies remain the same, irrespective.

How are Ireland's energy prices affecting final consumers?

Note: Due to the recent increases in energy prices, Ireland introduced measures to alleviate the burden on final consumers. Domestic electricity customers, including pay as you go customers, have received credits on their bills of EUR1,500 as: four payments of EUR200 in April 2022, November 2022, January 2023 and March 2023.
