

Is gem an energy storage company

Who is gem energy?

All goods and services are provided by GEM Energy. © 2025 GEM Energy All Rights Reserved. GEM Energy is a multi-award winning commercial solar company with over 10,000 installations including iconic projects such as Australia Zoo, Brisbane Convention and Exhibition Centre and Sydney Harbour.

What is the gem energy difference?

That's the GEM Energy difference. Government rebates can greatly lower the cost of commercial solar and battery storage, making clean energy more affordable for businesses of every size. GEM Energy guides you through available incentives, grants, and funding options in your area to help you maximise savings and achieve faster returns from day one.

Why should you choose gem energy?

Our in-house engineers and project managers ensure every system is tailored for performance, reliability, and long-term value. Trusted by government, education, and major commercial clients, GEM Energy sets the standard in quality, safety, and sustainability.
