

London energy storage plan publicity template epc

What is a London Plan energy assessment?

The purpose of an energy assessment is to demonstrate that the proposed climate change mitigation measures comply with London Plan energy policies, including the energy hierarchy. It also ensures energy remains an integral part of the development's design and evolution.

What are the requirements for a London Plan energy assessment?

The energy assessment must fully comply with Policies SI 2 to SI 4 inclusive of the London Plan and, recognising the integrated nature of London Plan policies, take account of relevant design, spatial, air quality, transport and climate change adaptation policies in the Plan. 1.6.

How do London Plan policies apply now that Part L 2021 has taken effect?

Renewable energy (Be Green) 11. Flexibility and peak energy demand o This new section explains how London Plan policies apply now that Part L 2021 has taken effect. It introduces a percentage improvement benchmark for residential developments and the requirement to report the Energy Use Intensity (EUI) and space heating demand of the development.

How do I keep the London heat map up-to-date?

Data relating to new and expanded networks within the London Heat Map will be regularly updated. In order to keep the Heat Map up to date, boroughs and developers are required to contact the GLA post-construction (HeatMap@london.gov.uk) to confirm developments that have connected to a specific heat network or provide updates on heat networks.

Let's face it - in the world of energy storage projects, a poorly written proposal can sink your EPC (Engineering, Procurement, Construction) bid faster than a lithium-ion ...

When you're looking for the latest and most efficient London energy storage plan publicity template for your PV project, our website offers a comprehensive selection of cutting-edge ...

Breaking Down the EPC Cost Layers (It's Not Just Batteries) The energy storage EPC cost structure isn't a single line item. Think of it like an onion - layers upon layers ...
