

Solar Inverter supplier quotation in Zambia 2026

Is a solar inverter a good alternative to power holding company of Zambia?

In a country like Zambia where electricity supply is less than adequate and the weather doesn't help matters too, a solar inverter is more than necessary. It is not just a great alternative to the Power Holding Company of Zambia, it is actually a better and cheaper alternative considering the circumstances. Several factors are added for this.

Where can I find solar energy companies in Zambia?

Box 30973, Lusaka, Zambia Balaston Park . off twikatane Road, Lusaka, Zambia MPower Ventures Zambia Ltd. 100 Subdivision 487, Kabulonga Lusaka Zambia Plot 901, Chisokone Ave, P.O.Box 70252, Ndola, Zambia

Why should you invest in a photovoltaic system in Zambia?

Zambia provides optimal conditions for photovoltaic (PV) with average irradiation rates of 5.5 kWh/m²;. To harvest that huge source of energy we provide a wide range of photovoltaic solutions for the residential, business and social sector. In general, PV systems can be divided into on-grid and off-grid systems.

Why should you choose a solar pump system in Zambia?

Zambia has one of the biggest water resources in Sub-Saharan Africa and our solar pump systems will enable you to access those resources at any place. Either for residential use, irrigation of farm land or industrial applications, solar pumps will ensure an independent water supply at your location.

Can a solar inverter be used for electronic devices?

The AC power can then be used by any electronic device. Our PV solutions combine the solar array and the inverter with a battery bank and/or a diesel generator. Batteries enable the systems to store solar power and utilize it even at night time.

Does Zambia have a power problem?

For decades, all efforts (sincere or otherwise) that have been channeled towards improving power generation in Zambia have proved abortive. In fact, many believe the situation has worsened over time. Presently, the average Zambian home does not get more than six hours of electricity from the DISCOs on a daily basis.

Here, I will walk you through the prices of the different sizes and brands of solar inverters available in Zambia. These solar inverters vary from those that can power a flat to those that can power a large organization.
